

C. PROGRAM ADMINISTRATION

The North Carolina Department of Environment and Natural Resources (DENR) has been designated as the state agency responsible for PARTF program administration and coordination. Within DENR, program responsibilities have been assigned to the Division of Park and Recreation (DPR). DPR has a contract with the Recreation Resources Service (RRS) at North Carolina State University to provide field administration for local PARTF projects. RRS has six regional consultants responsible for PARTF field administration.

The North Carolina Parks and Recreation Authority, an 11-member appointed board, oversees PARTF and annually allocates funds from PARTF to local government projects.

D. CONTACTS FOR HELP

Your regional RRS consultant serves as your “single point of contact” and 1) is available to answer all of your technical and financial questions about the administration of your project; 2) will monitor your project’s progress; 3) will inspect your project during development and upon completion; 4) will review your reimbursement claim; and 5) will monitor compliance with the PARTF program requirements in the future.
